

Here are three ways to stitch this darling sewing machine. I am sure there are other options you can think of Use a charm pack to make a scrappy version.

The measurements for our version are: Trim stitchery to 10 1/2" x 8 1/2". Border 1 around the sewing machine finishes at 1" (cut 1 1/2"). Border 2 is sewn using 2 1/2" squares. (great for a mini charm pack for a scrappy look).
